## August Revenues Slightly Below the Estimate

**G**eneral Fund revenue collections for the month ended August 2013 totaled \$1.76 billion, which was \$1.97 million, or 0.1% below estimate. Fiscal year-to-date collections total \$3.68 billion, which is \$2.3 million, or 0.06%, below estimate for the year. Total tax revenues collected in August 2013 were \$29.9 million below tax collections in August 2012; however, there were only four large PIT employers' withholding due dates in August 2013 while there were five such due dates in August 2012.

Because each large PIT due date brings in about \$100 million, once this difference is taken into account, August 2013 revenues compare more favorably to last year. The Official Revenue Estimate for FY 2013-14 calls for total General Fund growth of 1.64% (including non-tax revenues) and tax revenue growth of 1.99% over last year. After taking PIT due date differences into account, it appears that August 2013 tax revenue grew by approximately 3.9% over last year.

A few weeks ago, the Department of Revenue published its monthly distribution of the Official Revenue Estimate. A review of the

monthly distribution appears to indicate that the estimated revenue receipts are mostly consistent with historical norms.

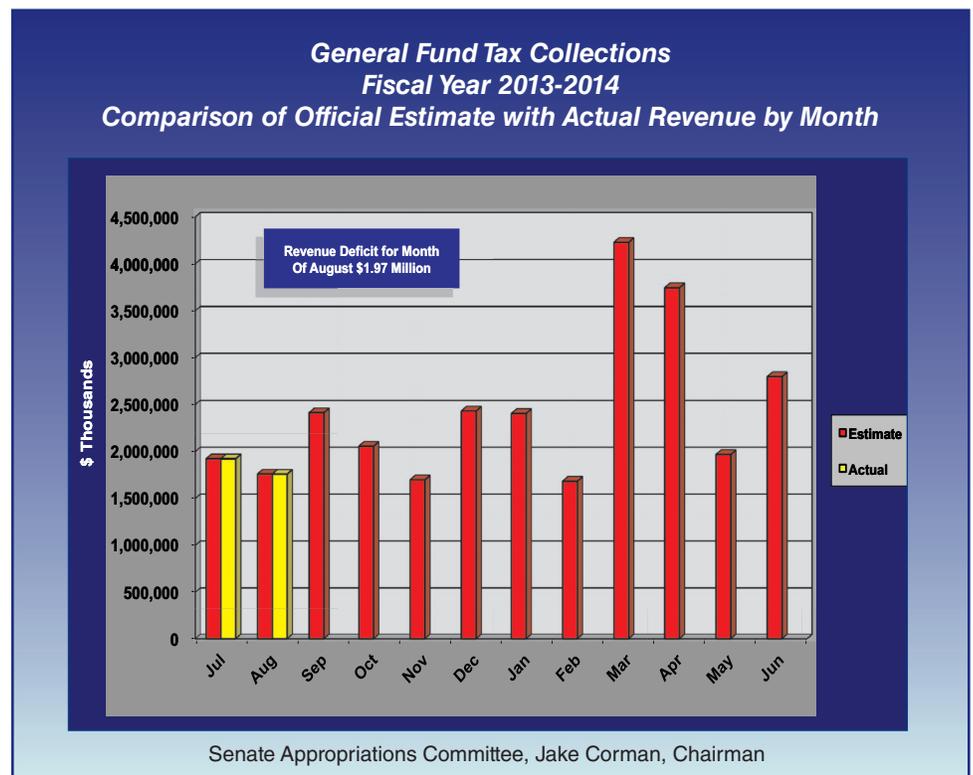

Total August 2013 tax revenue collections were \$11.7 million over estimate for the month, but non-tax revenues were below estimate by \$13.6 million.

Corporation tax collections were below estimate for the month by \$1.4 million, or 2.4%; however, August is not a particularly important or large

month for corporation tax revenues.

Sales and use tax collections were \$21.5 million, or 2.9% above estimate for the month. General (i.e. non-motor) SUT was above estimate by \$20 million, or 3.2%, and SUT on motor vehicles beat the estimate by \$1.5 million, or 1.4%. Perhaps more important, August 2013 SUT collections were 5.3% more than last year. For the fiscal year-to-date, SUT

*Continued...*

collections have grown by 3.1% over FY 2012-13. The FY 2013-14 Official Revenue Estimate calls for overall SUT growth of 3.77% over FY 2012-13.

Personal income tax collections were below estimate by \$5.5 million, or 0.1%, for the month. PIT collections for the current fiscal year are \$41.9 million over FY 2012-13, and each fiscal year had nine large

employers' withholding collection days through the end of August. Accordingly, PIT revenue collections are 2.9% ahead of last year. The FY 2013-14 Official Revenue Estimate calls for overall PIT growth of 3.13% over FY 2012-13.

The realty transfer tax was below estimate by \$91,527, and inheritance tax collections were off by \$3.1 million. Ciga-

rette tax collections were below estimate by \$476,429, liquor tax collections were above estimate by \$747,595, and table games tax collections missed the estimate by \$350,792.

Motor License Fund collections were \$11.7 million below estimate for the month of August, and they are \$11.6 million under estimate for the year-to-date.

## FY 2013-14 General Fund Official Revenue Estimate by Month

Recently, the Department of Revenue released the monthly distribution for the General Fund revenue estimate for the fiscal year 2013-14. August collections included comparisons of collections to the official estimate. The chart below shows the estimate broken down by month and ranks each month in terms of the amount of anticipated revenue.

## Commonwealth Court Dismisses NCAA Challenge

Recently, the Commonwealth Court ruled against NCAA efforts to dismiss a lawsuit that would ensure that the \$60 million in fines levied by the NCAA on Penn State University remain in Pennsylvania.

As a result of the Freeh Report and Sandusky scandal, the NCAA fined Penn State University \$60 million to be part of an endowment to fund "programs preventing child

sexual abuse and/or assisting the victims of child sexual abuse."

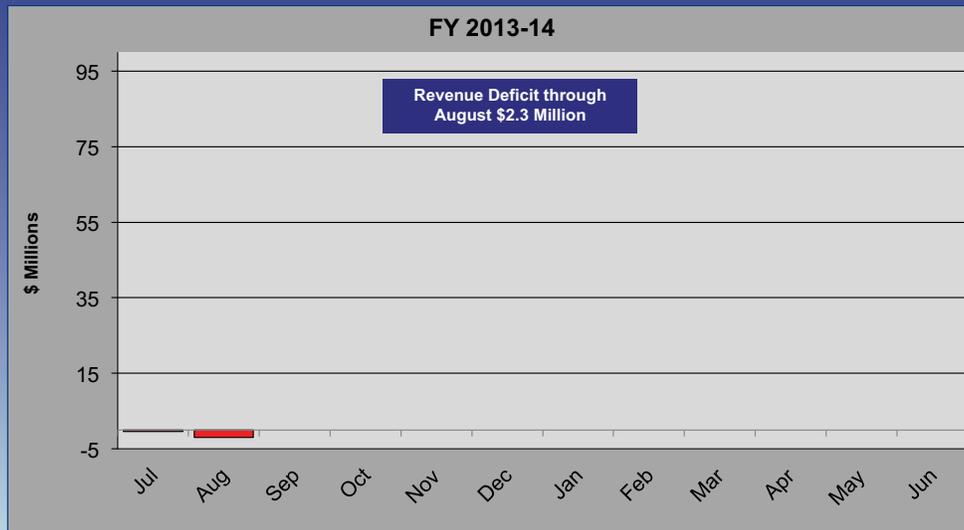

When contacted last year, the NCAA declared that their intention was to only provide a small portion of the fine money to Pennsylvania. Subsequently, legislation prime sponsored by Senator Corman, established the endowment fund and parameters for the Pennsylvania Commission on Crime and Delinquency to

distribute the funding to eligible entities in the Commonwealth. The NCAA has a limited time frame to respond to the Court's ruling.
