Monthly Report September 2021

General Fund Revenues Remain Resilient

General Fund revenue collections for the month of August exceeded the estimate by \$135.5 million, or 5.6%. General Fund tax revenues were \$134.8 million, or 5.6%, higher than the monthly estimate, and non-tax revenue was \$695,000, or 3.9%, above estimate. General Fund revenue collections for the first two months of the fiscal year are \$132.4 million, or 2.6%, ahead of estimate.

Total corporation tax revenues were above the monthly estimate by \$27 million, or 31.7%, although August typically is not a large corporation tax collection month. Sales and use tax (SUT) collections were above estimate by \$49.3 million, or 4.6%, for the month and were 7.7% higher than August 2020. Sales and use tax collections have remained strong through the pandemic due to federal stimulus payments, enhanced unemployment benefits and, most recently, expanded and refundable federal child tax credit payments. Personal income tax (PIT) collections beat the estimate by \$67.1 million, or 7.4%, and PIT collections were 11.7% higher than last year for the month of August.

Even though the largest, most important tax types (SUT and PIT) overperformed last year's collections, total General Fund revenues for August were only 1% more than last year. During 2020, significant corporation tax payments were delayed from being received in April and May of 2020 to August of 2020 because of federal and state tax filing extensions resulting from the pandemic. Therefore, any year-over-year comparison needs to take into account this one-time anomaly that occurred in August 2020, which brought in nearly \$200 million of additional corporation tax collections last year.

General Fund Revenues Remain Resilient Continued....

August 2021 General Fund Revenue vs. Monthly Estimate:

- General Fund revenue collections of \$2.57 billion were above the monthly estimate by \$135.5 million, or 5.6%.
- General Fund tax revenues were above estimate by \$134.8 million, or 5.6%.
- Corporation taxes were \$27 million, or 31.7%, more than the estimate.
- Sales and use tax collections beat the estimate by \$49.3 million, or 4.6%, for the month.
- Personal income tax collections exceeded estimate by \$67.1 million, or 7.4%.
- Non-tax revenues were above estimate by \$695,000.

Fiscal Year 2021-22 vs. the Official Revenue Estimate To-Date:

- Total General Fund revenues are \$132.4 million, or 2.6%, higher than the Official Revenue Estimate through the month of August.
- General Fund tax revenue is \$131.6 million, or 2.6%, above estimate.
- Corporation taxes are \$23.7 million, or 8.5%, higher than the estimate.
- Sales and use tax collections are \$49.3 million, or 2.1%, above estimate.
 - General SUT collections are \$54.6 million, or 2.8%, above estimate.
 - SUT collections on motor vehicle sales are \$5.3 million, or 1.7%, lower than the estimate.
- Personal income tax collections are ahead of estimate by \$67.2 million, or 3.6%.
 - Withheld PIT is \$55.1 million, or 3.2%, above estimate.
 - Non-withheld PIT (annual & estimated payments) is \$12 million, or 7.8%, ahead of estimate.
- Realty transfer tax revenues are \$1.5 million, or 1.5%, above estimate.
- Inheritance tax collections are \$12.6 million, or 5.3%, below estimate thus far for the fiscal year.
- Non-tax revenues are \$800,000, or 1.7%, above estimate.

Fiscal Year 2021-22 vs. Fiscal Year 2020-21:

- Total General Fund revenues through August are \$1.38 billion lower than last year at this time because of personal income and corporation tax filing extensions into July and August of 2020.
- Last year's tax filing extensions resulted in approximately \$1.8 billion being shifted from FY 2019-20 into the first two months of the 2020-21 fiscal year.
- This one-time anomaly skews any comparison between FY 2020-21 and FY 2021-22 tax collections, especially corporation taxes, sales and use taxes and personal income taxes.

Motor License Fund:

- Motor License Fund revenues are above estimate by \$2.4 million, or 0.5%, through August.
- Motor License Fund revenues are \$60.3 million, or 10.9%, less than last fiscal year at this time.
- Motor License Fund collections during the spring of 2020 were disrupted, which resulted in higher than normal revenues being received later in the year.

Opioid Settlement

Last month, Attorney General Josh Shapiro announced that he and several other attorneys general agreed to a \$26 billion settlement with four drug manufacturers and distributors who played a role in the devastating opioid epidemic. As part of the agreement, states and local governments will receive a share of the \$26 billion to spend on opioid remediation and abatement. Pennsylvania is estimated to receive a maximum amount of \$1 billion from the nationwide settlement. The funding will be spread across 18 years with the first anticipated payment of \$232 million coming to Pennsylvania in July 2022. The maximum payment of \$1 billion to Pennsylvania is contingent upon all 67 counties and large municipalities (population of 10,000 or more) signing onto the settlement brokered by the Attorney General. Local government entities have 120 days, until January 2022, to determine if they want to join the settlement. Not having unanimous participation/sign-on to the settlement will reduce the \$1 billion anticipated for Pennsylvania.

Pennsylvania Fish and Boat Commission Extended Trout Season

Extended Season (stocked trout waters and all waters downstream of stocked trout waters) is January 1st through February 15th and September 7th through December 31st. Minimum size is 7 inches and the daily limit is 3 (combined species). Stocked Trout water listing: <https://pfbc.pa.gov/fishpub/summaryad/troutwaters.html>

Extended Season (Class A wild trout stream sections) is January 1st through February 15th and September 7th through December 31st. It is no harvest catch and immediate release only. Class A stream listing: <https://www.fishandboat.com/.../Trout/Documents/classa.pdf>
